Faculty of Health
Department of Psychology
PSYC 1010 6.0 B: INTRODUCTION TO PSYCHOLOGY
SU2021

This course will be delivered asynchronously; in other words, lectures will not be live. Instead, lectures will be recorded and accompanied by PowerPoint slides (more details are provided below under “Mode of Instruction”).

**Instructor:** Dr Rebecca Jubis
**Office:** Rm 251 B.S.B. (Behavioural Sciences Building)
**Office Hours:** by appointment
**Email:** jubis@yorku.ca  Be sure to indicate your course, section, and sign with your full name. (please do not contact me via eClass – you will not get a response).

**Teaching Assistants (TAs):** students are assigned to a given teaching assistant (TA) and their contact information will be provided on eClass.

**Psychology Undergraduate Office:** Rm 291 BSB; psyc@yorku.ca

**Course Prerequisites:** None.

**Course Credit Exclusions:** please refer to York Courses Website for a listing of any course credit exclusions.

**Course website:** [eClass.yorku.ca](http://eClass.yorku.ca)  (formerly moodle.yorku.ca)

**Course Description:**

This course will guide you on a journey to learning about human behaviour and mental processes. Psychology is a very broad field ranging from the study of the biological basis of behaviour to the study of complex social interactions. This course will provide you with a sampling of a wide variety of topics, concepts, theories, and methods of research that form part of contemporary Psychology. Among the topics covered will be: personality, memory, social behaviour, learning, intelligence, and psychological disorders.

Psychology does not have definitive solutions to our personal and societal problems, nor does it have definitive answers to questions like, “What makes me behave the way I do?” Nevertheless, it is a valuable tool for better understanding the causes and consequences of behaviour. Hopefully, this course will provide you with a greater appreciation of the intricacies of human behaviour and the difficulties that psychologists encounter in conducting behavioural research.
Program Learning Outcomes:
Upon completion of this course, students should be able to:

1. Define psychology and explain how it meets the criteria of science.
2. Recognize key concepts, methods, theories and assumptions in psychology.
3. Describe basic characteristics of the scientific method in psychology.
4. Discern differences between personal views and scientific evidence.

REQUIRED TEXT:

IMPORTANT: The 12th edition in Modules is similar to the earlier 11th edition but there ARE differences in content and modules have been re-organized. Tests will be based on the 12th edition in Modules and if you choose to use an earlier version of the text, “use at your own risk”.

The textbook is available in digital or hard-copy format from the York University Bookstore: https://www.bookstore.yorku.ca/site_textbook_landing_page.asp

The text is bundled with LaunchPad, an excellent online resource that helps you study and prepare for tests. LaunchPad includes practice quizzes, video activities, flashcards, PowerPoint slides etc. Although there is no obligation to use LaunchPad, I highly recommend it!

If you have a hardcopy of the text, and want to activate LaunchPad, see the link on eClass or go to: https://www.macmillanhighered.com/launchpad/myers12einmodules/16694356 and enter your access code that was provided when you purchased the textbook.

COURSE ASSESSMENTS and ASSIGNED MODULES:
ALL TESTS ARE ONLINE and take place between 7:00pm and 9:00pm.

TEST 1 – MONDAY, MAY 31 (worth 25%) Modules 1-3; Modules 4-6; Modules 45-47;

TEST 2 - MONDAY, JUNE 21 (worth 25%) Modules 20-22; Modules 41-44; Modules 7-9; Video “Power of the Situation”

TEST 3 – MONDAY, JULY 12 (worth 26%) Modules 23-25; Modules 26-27; Modules 28-31; Modules 32-35 (but only section 34-6 in Module 34); Modules 36-38; Video “Testing and Intelligence”

TEST 4 – TUESDAY, AUGUST 3 (worth 20%) Modules 39-40; Modules 48-52; Modules 53-55; Modules 17-19

URPP – (Online Research Participation) (worth 4%)
INFORMATION ABOUT COURSE ASSESSMENTS:
There will be 4 tests and URPP participation.

A) TESTS

There will be a total of 4 non-cumulative tests worth 25%, 25%, 26% and 20%, respectively. Tests will consist of multiple-choice and short-answer questions. Test 2 and Test 3 will include one or two multiple-choice questions from an assigned 30-min video (videos are discussed below). Please note that most of the material that you’ll be tested on will have been covered in the text but some could come from lecture recodings.

IMPORTANT: ALL TESTS WILL BE ONLINE and it’s absolutely imperative that you ensure that your COMPUTER MEETS COMPATIBILITY REQUIREMENTS for eClass tests. See: https://lthelp.yorku.ca/quizzing/best-practices-for-a-successful-online-quiz (or the last pages of the syllabus). I suggest that you check this out right away. If you have technical difficulties during an online test, there will be no recourse or alternative test.

A practice quiz (that will not be counted) will be available from 9:00am on May 17 until 11:00pm on May 25. This will give you a chance to ensure that your computer settings meet requirements and will allow you to see what online tests are like.

IMPORTANT INFORMATION about ACADEMIC HONESTY for ONLINE TESTS
Tests are to be completed by you and you alone. You are NOT to discuss or share the questions or potential answers with anyone, including other students in this course and you are NOT permitted to replicate, record or copy test questions (i.e., screen shot, photograph, print, download etc). Aids of any type (text, lecture notes etc) are NOT allowed. Violation of any of the above will be considered a breach of academic honesty and will be pursued in accordance to the Senate Policy on Academic Honesty.
**DETAILS ABOUT MISSING A TEST**

If you miss a test, it must be for a valid reason and you must have appropriate documentation to support your absence.

If you miss a test for medical reasons, your physician must complete an [Attending Physician Statement](http://myacademicrecord.students.yorku.ca/pdf/attending-physicians-statement.pdf). To be deemed valid, the document must be the **original**, contain the **doctor’s signature**, **office stamp** and be **dated close to the time** of illness. Be sure to look over this form before leaving the doctor’s office because if it is incomplete or filled out inaccurately, it will not be accepted. **Alternative medical notes will not be accepted.**

If you miss a test, you must notify your TA ([TA contact information is posted](mailto:jubis@yorku.ca)) and COPY ME on that email ([jubis@yorku.ca](mailto:jubis@yorku.ca)) NO LATER THAN 48 HOURS AFTER THE TEST. Failure to do so will result in a 0% on that test.

To make up for a missed test, you will need to complete an assignment that could involve material from **any** of the modules covered in this course (including lecture recordings). That assignment will be provided at the end of the term, before final exams, (date to be announced) and it will be **due the following day**.

If you miss a second test, you will be given 0% for that test. **NO EXCEPTIONS!**

B) **UNDERGRADUATE RESEARCH PARTICIPATION POOL (URPP)**

**There are two options:** research participation or the “**paper stream**” option.

A link to URPP information will be set up on our course website as soon as that information becomes available. It will provide you with instructions about how to register with URPP, important URPP rules, as well as important dates and deadlines.

**Research Participation**

The Department of Psychology requires that students earn 4% of their final grade by participating in research. This research is conducted by faculty and graduate students and has received ethical approval. This year, all studies will be online. This 4% is earned by participating in a total of 4 hrs (4 credits) of research. Each hour of participation is worth 1 credit = 1%. If you don’t complete the full 4 credits, you will be given marks for what you actually completed.

You are strongly encouraged to partake in this research. Not only does it give you the opportunity to experience what types of studies are conducted in Psychology, but 4% can make a difference in your letter grade! Do not wait until the last minute to participate because your choices might be limited, and all available studies might be filled. **URPP opens on May 10 and the last day to participate is Aug 10.**
“Paper Stream” Alternative
For this alternative, you must analyse a published psychology research article that will be assigned to you by the URPP office after you notify them of your preference for this option. You can earn up to 4% but the actual grade that you will receive will depend upon the quality of your paper.

IMPORTANT: If you choose this option, you must notify URPP (urpp@yorku.ca) of your choice by June 1. The due date for the paper is Aug 4.

It is your responsibility to ensure that URPP has assigned you the proper credits (you can simply check your URPP account), and report any discrepancies to urpp@yorku.ca directly.

Be sure to provide your correct course section when you register with URPP. Otherwise, you will not receive credit for your participation because they won’t recognize you.

MODE OF INSTRUCTION
This course is asynchronous; in other words, lectures are not live. Instead, lectures will consist of audio recordings accompanied by PowerPoint slides. The last two lectures, however, (Sensation and Perception) are pre-recorded lectures on Zoom rather than audio recordings accompanied by PowerPoint slides. Learning and testing in this course is completely online, and there will be no in-class interactions. To help you keep up with your readings and avoid last-minute cramming before tests, I have provided a “Reading Guide and Test Schedule” at the end of this syllabus.

The “topic boxes” on eClass are labeled using the main topic areas in your text (for example, “The Story of Psychology…”, “Biology of Mind”, “Personality” etc). Each “topic box” will usually contain two lecture recordings corresponding to the given topic, followed by a pdf file of printable slides. (NOTE: The first topic box contains four lecture recordings and there are a few topics that will not have lecture recordings/slides). The material covered in the lecture recordings will include some of the material covered in the text (I can’t cover everything), sometimes in more detail than the text provides. Some of the material I talk about is related to the topic but is not in the text. (By the way, some lecture recordings are of a better quality than others, owing to technical difficulties. I apologize for that.)

Supplemental Materials:
Under the different topic headings posted on eClass, you will sometimes find additional helpful and interesting resources that relate to course material. These include exercises to test your understanding of the textbook material, and short video-clips that demonstrate some of the concepts presented in the text. (You will not be tested on this material, but I urge you to check it out).

LaunchPad is an excellent on-line resource that is bundled with your text. You are not required to use LaunchPad but I recommend it because it includes great study tools such as quizzes,
flashcards, video activities etc. It also includes the publisher’s PowerPoint slides that correspond to the text. (These are different from those that accompany my lecture recordings)

**Zoom:**
Zoom is a web-based video conferencing tool that has also been adapted to educational purposes. Zoom meetings can be arranged with the professor and teaching assistants (TAs). In case you’re not familiar with Zoom and don’t quite know what to expect or how to join a meeting, please check out “Connecting to a Zoom meeting for students”: [https://lhelp.yorku.ca/94581-zoom/connecting-to-a-zoom-meeting-for-students?from_search=48268978](https://lhelp.yorku.ca/94581-zoom/connecting-to-a-zoom-meeting-for-students?from_search=48268978)

**On-Line Open-Forum Discussion:**
You can participate in a general discussion forum on eClass where you are free to discuss with classmates, course-related issues or any psychology-related topic or concern. Discussions will be monitored regularly by a teaching assistant.

**Videos for Testing Purposes:**
You will be required to view one video for Test 2 and for Test 3 (they are relevant to some of the topics that we will be covering). Links to these 30-min long videos are posted on eClass. One or two multiple-choice questions from a given video will be asked on a test and the questions will be quite general in nature. If you have trouble accessing the videos try “googling” the title.

**Important Information about Grades:**
If you require a particular grade in this course, please work **now** towards attaining it. This course does not offer extra assignments or tests at the end of the course to accommodate students who are a few marks short of their desired grade.

A letter grade will be “rounded up” when calculating your overall final grade if your final percentage ends in .50 or higher. For example, if your final grade is 74.50% it will be rounded up from a B to a B+. However, if your final percentage is 74.38% for example, your letter grade will remain a B. You must draw the line somewhere and .50% is the designated cut-off.

**Grading as per Senate Policy:**
The grading scheme for the course conforms to the 9-point grading system used in undergraduate programs at York (e.g., A+ = 9, A = 8, B+ = 7, C+ = 5, etc.). Assignments and tests will bear either a letter grade designation or a corresponding number grade:
**Add/Drop Deadlines**

The deadline to drop the course so that it does not appear on your transcript is **JULY 9**.

For a list of all important dates please refer to: [Summer 2021 Important Dates](#)

<table>
<thead>
<tr>
<th>Event</th>

<td>June 8-June 21</td>
<td>July 24-Aug. 10</td>
</tr>
</tbody>
</table>

**Add and Drop Deadline Information**

There are deadlines for adding and dropping courses, both academic and financial. Since, for the most part, the dates are **different**, be sure to read the information carefully so that you understand the differences between the sessional dates and the [Refund Tables](#).

You are strongly advised to pay close attention to the "Last date to enrol without permission of course instructor" deadlines. These deadlines represent the last date students have unrestricted access to the registration and enrolment system. After that date, you must contact the Psychology Department ([psyc@yorku.ca](mailto:psyc@yorku.ca)) to arrange permission.

You can drop courses using the registration and enrolment system up until the last date to drop a course without receiving a grade (drop deadline).

You may **withdraw from a course** using the registration and enrolment system after the drop deadline until the last day of class for the term associated with the course. When you withdraw from a course, the course remains on your transcript without a grade and is notated as 'W'. The withdrawal will not affect your grade point average or count towards the credits required for your degree.

**Academic Accommodations for Students with Disabilities**

If you are registered with Student Accessibility Services and have “special accommodations”, **YOU MUST PROVIDE ME WITH YOUR LETTER OF ACCOMMODATION BY MAY 21**.

While all individuals are expected to satisfy the requirements of their program of study and to aspire to do so at a level of excellence, the university recognizes that persons with disabilities may require reasonable accommodation to enable them to do so. The university encourages students with disabilities to register with **Student Accessibility Services (SAS)** to discuss their
accommodation needs as early as possible in the term to establish the recommended academic accommodations that will be communicated to Course Directors as necessary.

https://accessibility.students.yorku.ca/

Excerpt from Senate Policy on Academic Accommodation for Students with Disabilities:

1. Pursuant to its commitment to sustaining an inclusive, equitable community in which all members are treated with respect and dignity, and consistent with applicable accessibility legislation, York University shall make reasonable and appropriate accommodations in order to promote the ability of students with disabilities to fulfill the academic requirements of their programs. This policy aims to eliminate systemic barriers to participation in academic activities by students with disabilities.

All students are expected to satisfy the essential learning outcomes of courses. Accommodations shall be consistent with, support and preserve the academic integrity of the curriculum and the academic standards of courses and programs. For further information please refer to: York University Academic Accommodation for Students with Disabilities Policy.

Academic Integrity for Students

York University takes academic integrity very seriously; please familiarize yourself with Information about the Senate Policy on Academic Honesty.

It is recommended that you review Academic Integrity by completing the Academic Integrity Tutorial and Academic Honesty Quiz.

Test Banks

The offering for sale of, buying of, and attempting to sell or buy test banks (banks of test questions and/or answers), or any course specific test questions/answers is not permitted in the Faculty of Health. Any student found to be doing this may be considered to have breached the Senate Policy on Academic Honesty. In particular, buying and attempting to sell banks of test questions and/or answers may be considered as “Cheating in an attempt to gain an improper advantage in an academic evaluation” (article 2.1.1 from the Senate Policy) and/or “encouraging, enabling or causing others” (article 2.1.10 from the Senate Policy) to cheat.

Course Materials Copyright Information

Course materials, lecture notes, assignments etc are designed for use as part of this course at York University and are the intellectual property of the instructor unless otherwise stated. You are forbidden to post any of my course materials on any information-sharing site.

I am the copyright holder for all slides and course recordings. Students do not have permission to duplicate, copy and/or distribute the recordings outside of the class (these acts can violate not only copyright laws but also FIPPA and intellectual property rights.

Third party copyrighted materials (such as book chapters, journal articles, music, videos, etc.)
have either been licensed for use in this course or fall under an exception or limitation in Canadian Copyright law. Copying this material for distribution (e.g. uploading material to a commercial third-party website) may lead to a violation of Copyright law. Intellectual Property Rights Statement.

Important information about taking an eClass online quiz (tests)
(https://lthelp.yorku.ca/quizzing/best-practices-for-a-successful-online-quiz)

Below we’ve captured a couple of extra considerations you may need to take into account when taking an online quiz.

Internet connection….your lifeline to the course, the quiz and your success.

If you’re on wireless and you have the ability to physically connect to your internet connection: Do this first.

We recommend that you use a wired connection over a wireless (WiFi) at all times. If your internet is unstable, that’s one thing. If the WiFi is unstable, it could be something as simple as you being in an area where there are multiple WiFi hotspots that are using the same channels. This will cause issues. It is better to be wired in to the router and away from the invisible war for channel supremacy between yours and your neighbours routers.

Is your browser up to date?
Check that you are using the most up to date version of your Browser. See our recommended browser setting article for more information.

Recommended browser settings

Browser versions
eClass is compatible with most modern web browsers, for the best experience we recommend you keep your browser up to date.
Note: Legacy browsers with known compatibility issues:

- Internet Explorer 10 and below
- Safari 7 and below

**Browser settings**

For eClass to function correctly, it is recommended that the following requirements be met:

- Pop-ups are enabled
- Cookies are enabled
- Javascript is enabled
- Java is installed, up-to-date and enabled

- **Firefox help:** [http://support.mozilla.org](http://support.mozilla.org)
- **Chrome help:** [http://www.google.com/support/chrome/](http://www.google.com/support/chrome/)
- **Microsoft Edge help:** [https://support.microsoft.com/en-gb/products/microsoft-edge](https://support.microsoft.com/en-gb/products/microsoft-edge)
- **Safari help:** go to Safari > Preferences. The settings are located on the Security and Privacy tabs.

**Pay attention to your every move**

When you’re clicking around in the quiz, make sure that you see the effect that your click has. If you click too close to a previous answer, you may inadvertently change it. Be careful, and review your answers before you move on.

Ultimately it is you who is responsible for the change that happens. Make sure you double-check your answers before you continue.

**Time is a funny thing…**

Don’t leave it to the last few seconds (or even minutes) to submit your quiz. If you are taking a timed quiz you will see a timer so you can keep track of how much time you have left, but make sure you allow yourself time to submit.

**Have the power… so to speak**

Make sure that your computer is plugged in to a constant power supply. Obviously for those of you who are at a desktop computer, you’re already doing this.

For those of you on a laptop computer, make sure your power supply is plugged in to the wall and connected to your laptop. There is no guarantee that your battery is going to last you to the end of the quiz.

However unlikely, mid-quiz is not the time you want to find out that the battery on your laptop can no longer keep a charge, even though it said it still had 50% left. Even if your quiz had an
automatic save, or if you just clicked the save button, the next few minutes you’re going to spend trying to get back in to your course may be what you needed to finish on time.

Continued…..
TESTS, ASSIGNED MODULES, and READING GUIDE – 1010B SU2021

May 10 - May 15
THE STORY OF PSYCHOLOGY
Module 1 – What is Psychology?
THINKING CRITICALLY WITH PSYCHOLOGICAL SCIENCE
Module 2 – Research Strategies: How Psychologists Ask and Answer Questions
Module 3 – Statistical Reasoning in Everyday Life

May 16- May 22
THE BIOLOGY OF MIND
Module 4 – Neural and Hormonal Systems
Module 5 – Tools of Discovery, Older Brain Structures, and the Limbic System
Module 6 – The Cerebral Cortex

May 23 - May 28
PERSONALITY
Module 45 – Introduction to Personality and Psychodynamic Theories
Module 46 – Humanistic Theories and Trait Theories
Module 47 – Social-Cognitive Theories and the Self

May 29 - May 30 – Review test 1 material

TEST 1 – MONDAY, MAY 31; 7:00-9:00pm; (worth 25%)
Modules 1-3; Modules 4-6; Modules 45-47

June 1 – June 6
LEARNING
Module 20 – Basic Learning Concepts and Classical Conditioning
Module 21 – Operant Conditioning
Module 22 – Biology, Cognition, and Learning

June 7 – June 12
SOCIAL PSYCHOLOGY
Module 41 – Social Thinking
Module 42 – Social Influence
Module 43 – Antisocial Relations
Module 44 – Prosocial Relations

June 13 – June 18
CONSCIOUSNESS AND THE TWO-TRACK MIND
Module 7 – Basic Consciousness Concepts
Module 8 – Sleep and Dreams
Module 9 – Drugs and Consciousness
June 19 - June 20 – Review material for Test 2

**TEST 2 – MONDAY, JUNE 21; 7:00-9:00pm** (worth 25%)
Modules 20-22; Modules 41-44; Modules 7-9

June 22 – June 25
**MEMORY**
Module 23 – Studying and Encoding Memories
Module 24 – Storing and Retrieving Memories
Module 25 – Forgetting, Memory Construction, and Improving Memory

June 26 – July 1
**THINKING AND LANGUAGE**
Module 26 – Thinking
Module 27 – Language and Thought

**INTELLIGENCE**
Module 28 – What is Intelligence?
Module 29 – Assessing Intelligence
Module 30 – The Dynamics of Intelligence
Module 31 – Genetic and Environmental Influences on Intelligence

July 2 – July 9
**WHAT DRIVES US: HUNGER, SEX, BELONGING, AND ACHIEVEMENT**
Module 32 – Basic Motivational Concepts
Module 33 - Hunger
Module 34 – Sexual Orientation ONLY (section 34-6 on pg 409-415)
Module 35 – Affiliation and Achievement

**ALSO:**
Module 36 – Introduction to Emotion
Module 37 – Expressing Emotion
Module 38 – Experiencing Emotion

July 10 - July 11 – Review Test 3 material.

**TEST 3 – MONDAY, JULY 12; 7:00-9:00pm** (worth 26%)
Modules 23-25; Modules 26-27; Modules 28-31; Modules 32-35 (but only section 34-6 in Module 34); Module 36-38

July 13- July 14
**EMOTIONS, STRESS, AND HEALTH**
Module 39 - Stress and Illness
Module 40 - Health and Coping
July 15 – July 20
PSYCHOLOGICAL DISORDERS
Module 48 – Introduction to Psychological Disorders
Module 49 – Anxiety Disorders, OCD, and PTSD
Module 50 – Depressive Disorders, Bipolar Disorder, Suicide and Self-Injury
Module 51 – Schizophrenia
Module 52 – Dissociative, Personality, and Eating Disorders

July 21 – July 25
THERAPY
Module 53 – Introduction to Therapy and the Psychological Therapies
Module 54 – Evaluating Psychotherapies
Module 55 – The Biomedical Therapies and Preventing Psychological Disorders

July 26 – July 31
SENSATION AND PERCEPTION
Module 17 – Basic Concepts of Sensation and Perception
Module 18 – Vision: Sensory and Perceptual Processing
Module 19 – Nonvisual Senses

Aug 1 – Aug 2 - Review material for Test 4

Please note that Mon, Aug 2 is a holiday so this test will take place on Tues, Aug 3.
TEST 4 – TUESDAY, AUGUST 3; 7:00-9:00pm (worth 20%)  
Modules 39-40; Modules 48-52; Modules 53-55; Modules 17-19
